Bill 11 (2013), *Proposed* CD1 — Executive Operating Budget and Program

Monday, April 8, 2013  
City Council Committee Meeting Room

Aloha,

My name is Senator Maile Shimabukuro.

I write in **support** of Councilmember Kymberly Pine's proposed CD1 amendment to Bill 11 to add funding for Leeward Coast Community Benefits Program.

The Leeward Coast Community Benefits Program began in 2006 to offset the impact of the city's Waimanalo Gulch landfill on the nearby communities. The program consists of annual appropriations to compensate the residents in the Kapolei to Makaha areas of O'ahu who bear the effects of having the island's only landfill located in their geographic area.

The annual appropriations support parks and recreation programs, including culture programs, summer youth camps, sports and athletic programs, and other efforts that help to develop a respect for their leeward community.

With the City Council's support, the Leeward Coast Community Benefits Program will continue to offset the Waimanalo Gulch Landfill with this opportunity to provide community service, recreation and Hawaiian cultural programs to the Leeward Coast communities.

Thank you for the opportunity to share our views with you and I kindly request your support On this Bill 11, CD1 amendment.

Aloha ,

RECEIVED  
CITY CLERK  
C & C OF HONOLULU  
2013 APR -8 AM 7:46

Aloha Budget Committee Members,

Subject: Testimony in Support of the Leeward Coast Benefits Package

In June 2006, the city mayor unveiled the Leeward Coast Community Benefits Program which was intended to offset the impact of the city's Waimanalo Gulch landfill on the nearby leeward communities. The program consists of annual appropriations which compensate the residents in the Kapolei to Makaha areas of Oahu who bear the effects of having the island's only landfill located in their geographic area.

The Waimanalo Gulch landfill is still operating and adversely affecting the quality of life for residents in the leeward communities. Nothing has changed that should warrant or prompt any reduction of funding for the LCCBP; in fact maybe the budget for this critical fund should be increased due to inflationary impacts and increased landfill revenues.

I respectfully request the Budget Committee and the full Council fully fund the FY 2014 budget for this line item and automatically fund future out-years budgets until the landfill no longer operates.

Mahalo,

AL Frenzel
